

# New in Legacy Family Tree 9

## Hinting

Legacy 9 sifts through billions of records from the key websites – FindMyPast, FamilySearch, GenealogyBank, and MyHeritage – for new information, pictures, and stories of your ancestors. As you add to your tree, Legacy 9 begins the search – automatically!

## Reports and Charts

See trends in your ancestors' medical history with the new **Cause of Death** charts. Expand your genetic genealogy tools with the new **X-DNA color schemes**.

Get everyone involved at your next reunion or family gathering with **Family Tree BINGO** – play with cards of your ancestors, descendants, or a mixture. You can also now see your tree at a glance in the **Family Dictionary**.

## FindAGrave.com Searching

One-click access to your ancestor's Find A Grave memorial. Create a list of people in your tree with or without Find A Grave IDs.

## Online Backup

You'll never worry about losing your data again. In addition to backing up to your hard drive, a thumb drive, or a DVD, you can now backup your Legacy to the Legacy Cloud. It also makes transferring to a new computer a breeze.
